‘JAYNE WILL BE A VISIBLE BOARD MEMBER OF NHS FIFE, ACCOUNTABLE TO YOU’

Jayne's Statement to You

I'm standing in this election because Fifers now have the opportunity to shape our health services for the future, and I believe that I can make a positive contribution to that work.

I've lived and worked in Fife all my life. I've brought up my children here, and cared for my parents and grandparents here. I've experienced Fife's health services as a patient, carer and parent, and I've seen some excellent practice as well as some things that need to be improved.

In the course of my working life I've worked with elderly people, children, and young adults, and latterly focussed on community and social policy. I have always been actively involved in my local community.

My experiences have convinced me that good health services rely on more than just high standards of care and treatment. It's also about supporting healthier lifestyles, getting more health services out into the community, and ensuring good transport provision so patients and visitors can access services.

I'm committed, if elected, to being your voice on the Health Board. I'll stand up for patients, healthcare staff, families, and communities. I'll put quality healthcare, for all, first if you elected me.

Jayne Baxter.
